Purpose: To support Equinox's fast expanding medical device business. The Business Operations Analyst role will contribute to the future strategic direction and lead operational excellence, financial and accounting decision-making, customer delivery and growth plans, firstly in Australia and New Zealand, with 2 year horizons of regional and global expansion.

Resilient, self-driven and with a focus on continuous improvement, excellence in care delivery and an understanding of balancing commercial and operational responsibilities, you will be comfortable working both in small teams and independently, through strong relationship building and demonstrated capability.

Leading Business & Operations service delivery across a range of areas including:

- Business and financial operations, product and competitor research, supply chain and inventory management, logistics, financial accounting and reporting
- Monitor, assess and report on sales performance and business activities
- Support the rapid organisational growth; Develop internal talent and the capabilities of new staff
- Support the finance and operations teams with daily responsibilities

Other Responsibilities

- Maintain collaborative & professional relationships with all the team as well as any external stakeholders
- Comply with all internal policies & procedures

Person Specification - Skills and Qualifications:

- Education to Master or MBA level, demonstrated excellence in undergraduate Business, Engineering, Science, Mathematics, Computer Science or related field (D-HD average)
- Previous experience with Oracle NetSuite platform is highly desirable
- Strong problem-solving skills as well as being comfortable being proactive and working autonomously
- A high degree of written & verbal communication skills with excellent presentation skills
- Working knowledge of the medical device industry advantageous
- Excellent Microsoft Office skills specifically Excel & Powerpoint
- Must have legal right to work in Australia
- Vaccinated against COVID-19

Reporting to the Chief Financial Officer, you will be rewarded with a great financial package, including potential equity ownership of the business reflecting your expertise and value. You will be provided with high ownership in your role and supported by peers and your CEO.

You will enjoy the fact that no two days are the same and be challenged by the interesting and diverse nature of this sector and in a business with further growth and development plans.

Residency Requirements

Australian Citizens and Permanent Residents only (inc. New Zealand Citizens)
